

Milton Bridge Caravan Park

We are pleased to say from 11th July the park is now open to static owners and “self-contained” tourers.

Part of the Welsh Government Guidance States that:

'You will not be able to use accommodation with shared facilities in Wales until any change to the law is made. If a change to the law is made it is likely to take effect on 11 July.

If the decision is taken to reopen caravan parks, it is likely that people will only be able to stay in touring caravans, motorhomes and campervans which have their own on-board shower, WC and kitchen facilities.

Most shared facilities, aside from water and disposal points, are to remain closed. This includes toilets, shower blocks, laundry facilities.

We are at present unable to open the toilets/shower block and laundry.

Procedures on Our Park

In order to comply with government guidelines you will need to inform the park of the dates you will be arriving and departing. This can be done by phone or email.

This is a legal requirement to support the Test, Trace and Protect for all on site.

All our pitches are over 2 metres apart, but we remind you to follow social distancing guidance at all times

Please **DO NOT**:

Meet or gather with friends inside your caravan, who are not members of your extended household

Allow children to roam unsupervised around the park so that they do not, albeit inadvertently, break the social distance rule.

Extended households

Two households are able to join together to form an extended household. This means all the people living in these two separate households will become part of one extended household for the purposes of the coronavirus restrictions. They will enjoy the same legal freedoms people living in individual households currently have – such as being able to meet indoors, have physical contact and stay in each other's homes. This will apply to your caravan on park. Only the people in your existing extended household will be able to meet inside your accommodation. There is no limit on the number of people who can be in an extended household, providing they all live in the two households being joined together.

Visitors

At present we ask that there be no day visitors to the park.

You will notice hand sanitation stations on our park. Our facilities will be operating in line with the government Guidelines. We have complete the relevant risk assessments and achieved the tourist “We are good to go” certificate.

The health and safety of our Guests, is our top priority. .

Booking Tourers

the rapidly changing situation surrounding Coronavirus does mean uncertainty. : We will guarantee that if the park is unable to open for Coronavirus related issues, we will move your booking to another date free of charge.

At present, we are not taking deposits but ask for payment in full 1 week before arrival by card over the phone, to try to minimise contact and also ask your permission to keep a note of your telephone number for the track and trace scheme.

We ask you to check the GOV.WALES website for the most up-to-date information:
